Following is a guideline for the amount of time to spend for each section. For example, you do not want to miss essential items in one section, while covering unnecessary information in another.

7. FREQUENTLY ASKED QUESTIONS

When can I schedule my Final Review?	Once you have completed your eligibility requirements and have petitioned to graduate, contact the Final Review Coordinator via email at FinalReview@academyart.edu to be added to the presentation list. <i>You must be in contact with the Coordinator no later than the first few days of the semester you wish to present.</i>

If I'm an online student, do I need to send in physical samples of my class work?	No
Can we include work we've done outside of the Academy?	The work that you present during your Final Review will be work that you completed since your Midpoint Review; you should not include any work that you have done outside of the Academy of Art University.
What format is preferred for the online portfolio?	Submit each section of your portfolio as a PDF or PPT, except your video which will be uploaded as a MOV
How detailed should the slideshow be?	Even though you should be detailed with what you say during your presentation to ensure you are covering each section thoroughly, you should not add a lot of text (details) in the slideshow. Instead, use bullet points to note key items—use these as your speaking points. Also, when possible, an image(s) should be added to each slide. You want your slideshow to be visually stimulating with the images and design, but not distracting with too much imagery and text.

9. ONLINE PRESENTATION DETAILS

A. Scheduling a Meeting with an Online Graduate Review Coordinator

Academy of Art University's Online Graduate Review process provides a means for Academy students to present their project proposals via the Academy's online meeting environment. An Online Graduate Review Coordinator will contact you after your review has been scheduled to test your computer, internet connection, web-camera, and telephone. The Online Graduate Review Coordinator will also show you how the online review process works and how to upload and use your slideshow during your oral presentation. Students presenting online are required to have their equipment and any required presentation materials ready to upload and test at least two weeks prior to the presentation date (1 week for the Summer Semester).

B. Online Presentation Guidelines

You are required to provide a PowerPoint or PDF presentation with visual and written information that will go along with your oral presentation. Be sure to follow your department guidelines, as some departments have different requirements. You can also find a checklist below with details on what to include in your presentation.

Font: Use an easily readable font (some fonts do not load correctly in Adobe Connect for PPT files). Use a font size and color that is clear to read.

Images: Images need to be in JPEG format and optimized for web viewing. Review your department requirements for labeling and titling your images.

Credit: When including art made by other artists, credit the artist.

Content: It is best to keep the text in bullet point format or very short clear sentences instead of written paragraphs. References, copyright information, and technical notes may be included at the end of the presentation.
