4. MIDPOINT REVIEW PROCESS

A. Review Expectations and Structure

Midpoint Reviews are 30 minutes in duration. Your presentation should be 10 minutes long. Please practice and time your presentation out loud and in front of your friends or relatives if possible. Keep in mind to be brief, concise and to the point. Know your project to be able to pitch it in 5 minutes. Keeping your slides in an average of 3-5 seconds is highly recommended to have an efficient presentation.

The Midpoint Review meeting will follow this structure:

Midpoint Review Panel/Student Introduction	3 minutes
Midpoint Review Presentation	10 minutes
Committee Question & Answer Session	5 minutes
Committee Discussion – closed door/offline	5 minutes
Committee Decision & Feedback	7 minutes

Review Committee: The Midpoint Review Committee is comprised of faculty and/or industry professionals approved by the Graduate School and the Department Directors.

Committee Question & Answer Session: After your presentation, questions will be asked by the Committee for clarification on your project.

Committee Discussion, Decision, & Feedback: After the question and answer session, the committee will recess in private to discuss the merits of your proposal.

B. Results

Upon reconvening, the committee will present you with one of the following outcomes:

Approved: You have passed, and can now proceed with Directed Study for the following semester.

Not Approved: You have NOT passed, and are NOT allowed to proceed with Directed Study until one of the following has been completed and the Midpoint Proposal is approved by the Midpoint Review Committee:

Resubmit: Following specific Midpoint Review Committee requirements, your project requires small changes that must be corrected and re-submitted within 3 weeks. If the re-submission meets the requirements, then the Midpoint Proposal is approved and you can proceed with Directed Study the following semester.

OR

Represent: Following specific Midpoint Review Committee requirements, you must complete additional studio work, rethink Final Project, and/or sign up for a new Midpoint Review next semester.

Please follow directions outlined in the link below to view your results and written feedback after your Midpoint Review.

After you have scheduled your review the Online Graduate Department will contact you to walk you through the review process. Online students must upload their presentation to the Midpoint Review presentation room 2 weeks in advance of their presentation (one week in Summer).

IMPORTANT! PowerPoint slides should NOT include large blocks of text. Use bullet points and images to convey your point. Use your verbal presentation to elaborate.

Notes: You may use notes, flashcards, or prompts in your PowerPoint as cues to help you remember the information during your oral presentation. Do not read your entire presentation. Do not put speaker's notes in your PowerPoint presentation. The speaker's notes will be viewable by everyone.

MIDPOINT REVIEW POWER PDF GUIDELINES

PDF Development Guidelines:

Whether you decide to follow the provided PowerPoint template or create your own presentation, you will need to start with an introduction/title slide and end with a final slide, which indicates the end of the presentation to the panel.

It is best to keep your presentations written text in bullet-point format or very short sentences so the panel does not have to read a lot of written information while listening to your oral presentation simultaneously.

Though there is a degree of freedom in how you develop your PowerPoint presentation, there are some important development guidelines you must follow:

- Font:** Use the standard fonts: Arial, Times New Roman or Garamond (some fonts do not load correctly).
- Size:** Use a font size that is large enough to read - recommended sizes are 18 pt. for text and 24 pt. or larger for titles.
- Color:** Use a font color that is easy to read
- Images:** Make sure your images are large enough to be clearly seen
- Content:** Use bullet points instead of written paragraphs. References, copyright information, and technical notes may be included at the end of the presentation.

NOTE: If you have a specific font to use, save your PowerPoint as a PDF. Keep in mind that the fonts must be easy to read. You can use Keynote but you will need to save as a PowerPoint Presentation.

File Types:

You are able to load the following file types separately into the online meeting room. Let your online learning coordinator know when you do your rehearsal:

- *SWF*
- *HTML*
- *FLV*
- *mp3*
- *mp4*
- *f4v*

IMPORTANT: For all other file types, talk to your online learning coordinator about sharing your desktop.

7. FREQUENTLY ASKED QUESTIONS

When can I schedule my Midpoint Review?	Once you have completed your eligibility requirements, you can sign up online when the sign up is available. Check the Graduate School calendar for dates and the Graduate School's Midpoint Review Page for the sign up link.
How many pages should the thesis book be?	There is no specified length for the completed written proposal. There are some sections that have limitation of length, but the main part of your proposal does not have a limit. The written proposal should be thorough in describing all aspects of your project, but you also want to think about how you can be concise and avoid redundancy of information in the content.
If I'm an online student, do I need to send in physical samples of my class work?	No.
Can we include work we've done outside of the Academy?	Work not executed at the Academy of Art University should not constitute more than 10% of your portfolio presentation.
Am I supposed to have a fully developed thesis or portfolio prepared for the Midpoint?	No. That will be developed through your group directed studies after you pass your Midpoint Review.
Can I use fancy text, borders and custom backgrounds for my PowerPoint presentation?	We would recommend against it. Simple, easy to read and easy to see content is best.
Do I need to show rough or polish work?	We recommend showing both and as much as you can of the Visual Development process of your project that helps to visualize it. We are not expecting to see all the finalized designs but enough to give us a solid idea of the story and the aesthetic of the project.

9. ONLINE PRESENTATION DETAILS

A. Scheduling a Meeting with an Online Graduate Review Coordinator

Academy of Art University's Online Graduate Review process provides a means for Academy students to present their project proposals via the Academy's online meeting environment. An Online Graduate Review Coordinator will contact you after your review has been scheduled to test your computer, internet connection, web-camera, and telephone. The Online Graduate Review Coordinator will also show you how the online review process works and how to upload and use your slideshow during your oral presentation. Students presenting online are required to have their equipment and any required presentation materials ready to upload and test at least two weeks prior to the presentation date (1 week for the Summer Semester).

B. Online Presentation Guidelines

You are required to provide a PowerPoint or PDF presentation with visual and written information that will go along with your oral presentation. Be sure to follow your department guidelines, as some departments have different requirements. You can also find a checklist below with details on what to include in your presentation.

Font: Use an easily readable font (some fonts do not load correctly in Adobe Connect for PPT files). Use a font size and color that is clear to read.

Images: Images need to be in JPEG format and optimized for web viewing. Review your department requirements for labeling and titling your images.

Credit: When including art made by other artists, credit the artist.

Content: It is best to keep the text in bullet point format or very short clear sentences instead of written paragraphs. References, copyright information, and technical notes may be included at the end of the presentation.
